

Joint WP TE / PrIO Meeting on Plasma breakdown / burn through

Friday, 3 September 2021

Working meeting on Plasma breakdown/burn through (10:00 - 13:00)

time	[id] title	presenter
10:00	[1] Introduction	LITAUDON, Xavier
10:10	[2] Progress report on WTE experiment and implication for ITER (RT03)	Dr WAUTERS, Tom
10:40	[3] Progress of DYON upgrade (electromagnetic modelling and validation) and 2022 activity	Dr KIM, Hyun-Tae
11:10	[4] Report on the coupling scheme between kinetic models (BKD0), ECRH absorption (GRAY), and CREATE-BD magnetic models, IMAS adaptation and application to ITER and 2022 activity:	FIGINI, Lorenzo MATTEI, Massimiliano
11:40	[5] Progress report on Plasma initiation integrated modelling within TSVV11 and 2022 activity	ARTAUD, Jean-François
12:10	[6] Overall discussion and Conclusion
