

# Regular VC#8, Takeaways from PSI and EPS related to CRMs

## Friday 8 July 2022

### Presentations (09:05 - 10:15)

time	[id] title	presenter
09:05	[22] UEDGE-CRUMPET predicted isotopologue effect on atomic and molecular lines in DIII-D high-recycling divertor plasmas	HOLM, Andreas
09:20	[20] CRM for EIRENE simulations of EU-DEMO detachment	CIANFRANI, Francesco
09:35	[21] FEM for Magnum-PSI target and status of EIRENE/EUNOMIA A&M data	GONZALEZ, Jorge
10:00	[23] The impact of vibrationally and electronically excited H <sub>2</sub> on the molecular assisted recombination rate in detached plasma regimes	CHANDRA, Ray
