

8th EIROforum School on Instrumentation

Friday, 17 May 2024

Detector design (sensor technologies and front-end electronics) (09:00 - 10:10)

time	[id] title	presenter
09:00	[64] Imaging Sensors For Space Applications	PROD'HOMME, Thibaut
09:40	[67] Thermal neutron detection principles, front end readout and signal processing	VAN ESCH, Patrick

Detector design (sensor technologies and front-end electronics) (13:50 - 15:00)

time	[id] title	presenter
13:50	[65] Tracking and calorimetry for particle physics	BARNEY, Dave
14:30	[66] MHz X-ray Imaging with Silicon Pixel Detectors	RAMILLI, Marco
