

# 8th EIROforum School on Instrumentation

## Friday, May 17, 2024

### Detector design (sensor technologies and front-end electronics) (9:00 AM - 10:10 AM)

time	[id] title	presenter
9:00 AM	[64] Imaging Sensors For Space Applications	PROD'HOMME, Thibaut
9:40 AM	[67] Thermal neutron detection principles, front end readout and signal processing	VAN ESCH, Patrick

### Detector design (sensor technologies and front-end electronics) (1:50 PM - 3:00 PM)

time	[id] title	presenter
1:50 PM	[65] Tracking and calorimetry for particle physics	BARNEY, Dave
2:30 PM	[66] MHz X-ray Imaging with Silicon Pixel Detectors	RAMILLI, Marco
