

Participant information

The meeting will take place in IFN-1, FZJ, Main Seminar Room (at 1st floor) of building 9.1. (marked as “Geb. 9.1” on the plans).

The ZOOM participation will be provided as well, however the in person participation is highly desirable.

The address is:

IFN-1, Forschungszentrum Jülich GmbH

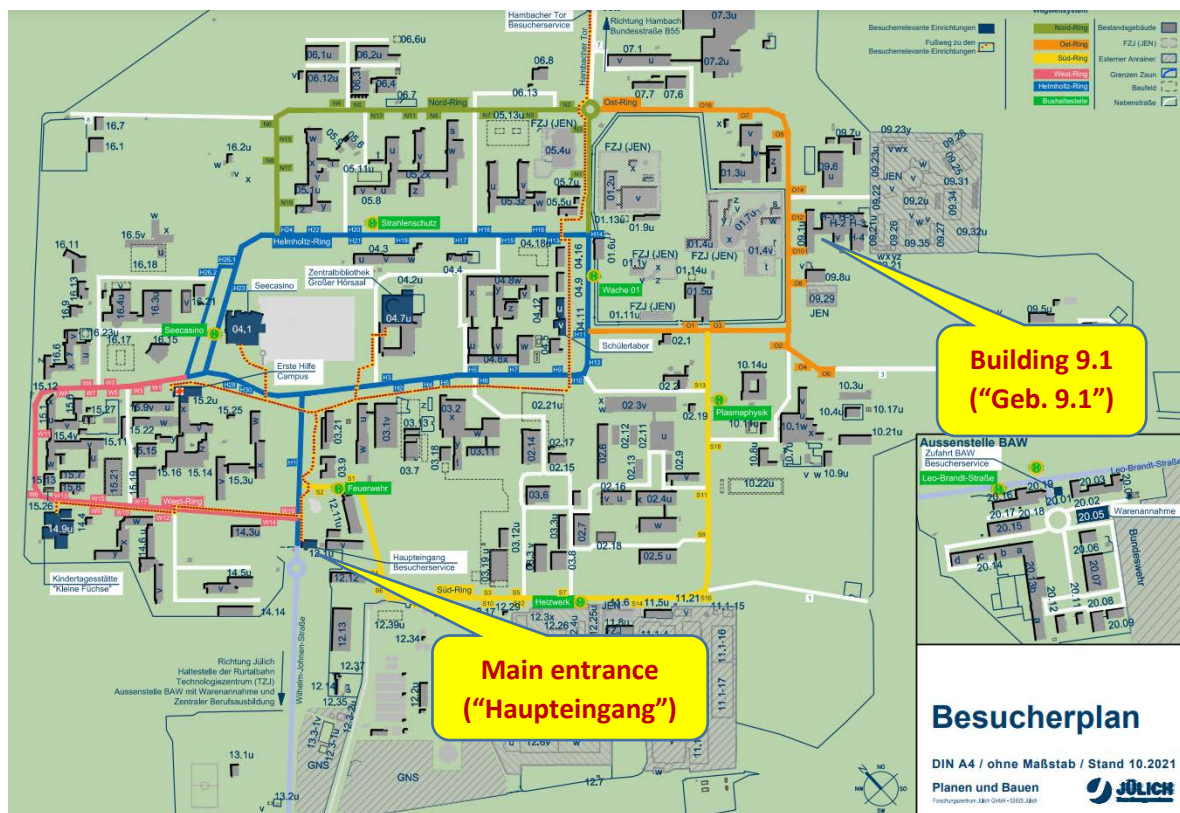

Wilhelm-Johnen-Straße

52428 Jülich

Additional information:

[Contact & Visitor information \(fz-juelich.de\)](http://www.fz-juelich.de)

Please follow to the visitor centre at the main entrance (“Haupteingang”) and obtain your badge. You will also be provided with a site map showing the Building 9.1 location. In case of any issues please contact the event organisers (see below) from IFN-1.

As you see, it is quite a way for walking, however the busses are coming on site (the bus stop “Plasmaphysik” is the closest). There is also a train connection from Jülich, however the train station “Forschungszentrum” is about 1.2 km away from the main entrance.

We may try to organize some dedicated transportation from Juelich City – please follow updates in this document. Thus, we recommend to stay in the following hotels:

[Stadthotel Jülich - Hotel in Nordrhein-Westfalen \(stadthotel-juelich.de\)](https://www.stadthotel-juelich.de)

[°HOTEL KAISERHOF JÜLICH 3* \(Deutschland\) - von € 97 | HOTEL-MIX](#)

There are also several other accommodation choices around at walking distance.

Meeting schedule

[Meeting on unified A&M data policies \(25-27. November 2024\) · Indico \(euro-fusion.org\)](#)

The participants are expected to arrive before formal meeting start about **13:30 on Monday**, 13:30. However, the room is booked since early morning till late evening to allow short circle discussions or any other joint work by the participants. Similarly on the departure day, Wed **27th of Nov**, participants are welcome to stay somewhat longer than **12:00 (formal meeting end)** if they wish in the same room before departing – for own-organised discussions or just working in quite environment before catching the trains and flights.

Airport

The nearest airport is Düsseldorf (DUS), though Kolonn-Bonn (CBN) also just a bit larger distance. The taxi ride is less than 1 hour and ~170 EUR. Alternatively, Jülich is well connected to both DUS and CBN by trains going via Düren:

[DB Fahrplan, Auskunft, Tickets, informieren und buchen - Deutsche Bahn](#)

“Jülich-Forschungszentrum” station is closest to FZJ, Jülich-ZOB is walking distance from the hotels mentioned above.

We look forward to your active, pleasant and fruitful participation!

Please follow updates at <https://indico.euro-fusion.org/event/3240/> which may include corrections and additions to this document.
