Date: 18 September 2025

Dear colleagues,

Subject: Call for tasks to be carried by Advanced Computing Hubs in 2026.

With the present letter, I invite you to submit proposals for the code development support tasks to be carried by Advanced Computing Hubs (ACHs) in 2026. The task allocation process involves the following steps:

1. **Gathering requests** from code developers;
2. **Analysis of requests** and feedback by the ACH teams (approximately 2 weeks);
3. E-TASC SB meeting to **finalize the allocation** (beginning of December).

If any of the codes under your supervision are interested in leveraging ACH support, please submit filled **application form** (attached) to Denis.Kalupin@euro-fusion.org **not later than 21st November 2025**.

The allocation of ACH resources to the proposed task is a subject to the E-TASC SB decision.

For any question regarding the technical details, please contact Denis Kalupin (Denis.Kalupin@euro-fusion.org).

Yours Sincerely,

Dr. Gianfranco Federici
Programme Manager
