

Session Program

16-20 Nov 2026

WPPWIE Review Meeting 2026

SP X

CEA Cadarache, Room xxx

Friday 20 November

08:30

SP X: SP X

Session | **Location:** CEA Cadarache, Room xxx

08:30-09:15

SP X Overview

Speaker

Ivo Classen

09:15-09:40

Interpreting spectroscopic Magnum-PSI measurements with CR modelling

Speaker

Richard Christian Bergmayr

09:40-09:55

Coffee Break

09:55-10:20

LIBS induced outgassing in Magnum-PSI plasma exposed tungsten coatings: in-situ experiments

Speaker

Jogi Indrek

10:20-10:45

Optimization of the LIBS Technique in Air, He, and Ar at Atmospheric Pressure for Hydrogen Isotope Detection on Tungsten Coatings for PFCs characterization

Speaker

Salvatore Almaviva

10:45
