

Session Program

28 October 2026

PWIE SP F monitoring meeting

SP F1

Virtual

Wednesday 28 October

14:05

SP F1

Session | **Location:** Virtual

14:05-14:15

Status and progress of boronization studies in AUG**Speaker**

Sehoon An

14:15-14:25

Status and progress of boronization studies in WEST**Speaker**

Alberto Gallo

14:25-14:35

Progress in preparation, characterisation and comparison of boron-coatings from fusion and laboratory devices**Speaker**

Eduard Warkentin

14:35-14:45

Status of boron-coating exposures in wall conditioning plasma in TOMAS**Speaker**

Andrei Gorjaev

14:45-14:55

Preparation of experiments on deuterium removal from ion-implanted mixed tungsten-boron layers in TOMAS**Speaker**

Eduardo Pitthan Filho

14:55-15:05

SP F1 discussion**Speaker**

Andrei Gorjaev

15:05
